Welcome to my new comprehensive DeckStats V1.1 07.23.2023

Other players/decks/stats will gradually be added. The statistics include all games played with/against me since 01.01.2018.
Removed any stats from games with 5 or more players. They were factored into 4 player results. 5+ player results are not recorded.
My stats have futher back 3P/4P information because I have recorded my KO's since the start of playing multiplayer.
Until ~end of 2020, I was not recording the winning deck for any multiplayer game that I lost.
Basically when packs games started I changed that. Before, I would simply record my KO's and the loss against me.
Enjoy!
